

Amaryllis Bulb 2020 Reservation Opportunity

Our Amaryllis Bulbs were a tremendous hit for the 2019 Holiday Season, but we sold out far too early!

You found them the perfect for friends, mom, family, teachers, co-workers, neighbors, caregivers, hairstylist... and yourself!

We heard that many of you had impromptu competitions to see whose bulb was tallest, bloomed first, etc.!

The bulbs were also popular for decorating... on mantles, nestled in greenery, placed atop candle pillars, or in clusters for center pieces.

In 2020, we have ordered far more bulbs to ensure – hopefully – that no one will be disappointed.

and a few doors down from the Dunwoody Breadwinner Café & Bakery*

Why Make a Bulb Reservation...

If you make a Reservation, we will set aside the bulb varieties you want – in the quantities you want – so you can count on having exactly what you want for gift-giving and decorating.

How to Reserve...

Complete and return the Reservation form.

- Pick up a form at the store
- Call 678.694.8704 to request one be emailed
- Download from underthepecantree.net > shop

Gift Wrap...

Because these are live, growing bulbs, we loosely package the bulbs in one of our gift bags. They can stay in the bag until you're ready to gift them.

On the form, you'll have option to note if you want some or all of your bulbs in gift bags.

Pick Up Dates...

On the form you will be asked for your preferred pick up date as well as for a second choice. We expect these bulbs to be ready for pickup on or around:

Nov 6, Nov 13, Nov 18, Nov 27 and Dec 11

Sheltering at Home & Delivery

For those still sheltering at home, we can deliver the bulbs to you or, depending on location, your gift recipients. Let's discuss when you place the order and when the bulbs arrive.

We cannot ship the bulbs.

About the Bulbs...

Our bulbs are all grown one grower, Agro Floral Peru, located in the coastal desert valley of the Andean foothills. (*These are not "grocery store" quality bulbs.*)

Once in the USA, they are hand-dipped in a special wax from Holland. Then some varieties we carry are rolled in Spanish Moss. An international gift ☺.

No Green Thumb Needed...

The wax treatment allows the bulb to bloom without you doing anything! No outdoor space or green thumb required! And no watering! (If you just must be involved, then you can occasionally turn them toward the light.)

💡 These easy-care bulbs are a perfect gift to brighten spaces in nursing homes, assisted living communities, and home office spaces!

Blooming Cycle....

The bulbs have an 8-12 week blooming cycle... after they blooms wilt, cut the stalk and another will come up!

To delay growth, keep the bulbs in the refrigerator (never below 42 degrees F).

They will sprout and bloom more slowly in rooms with an ambient temperature below 70 degrees F.

The warmer the room temperature, the faster the Amaryllis will grow and bloom.

BULB WORKSHEET

Bulb A:
Picasso
in Red Wax

Bulb B:
Minerva
in Gold Wax

Bulb C:
Minerva
in Spanish Moss

Bulb D:
Sovereign
in Spanish Moss

Bulb E:
Amadeus
in Spanish Moss
